A Healthy Body for a Better Life: New Celebrating February and Embracing March

At Right at Home Chippenham, we know that staying active is key to maintaining good health and independence. That's why we're celebrating the incredible success of our February Exercise Challenge, where Clients and Caregivers took small but meaningful steps toward better well-being!

February Challenge: A Heartfelt Success! As part of British Heart Foundation's Heart Month, our team proudly joined in daily 5-10 minute indoor walks, wearing red to show support. The impact was amazing:

Achievement in February Challenge

Some walked every day, even around the house or garden.

One client pushed herself up in her wheelchair on shower mornings.

Another made it to the gym after recovering from Covid.

This simple routine helped boost mobility, heart health, and confidence—proving that every step counts! Our CareGivers were fantastic in encouraging and supporting clients throughout the challenge.

Amazing effort from everyone—well done!

March Challenge: Arm Yourself for Flexibility & Strength

Soal: Perform arm circles and raises for 5 mins, 2-3 times a day

Impact: Arm mobility exercises help reduce stiffness and improve the range of motion in the shoulders and arms.

A huge well done to everyone who took part! Let's keep up the great work and continue prioritising our health together! 💙

VALENTINE'S DAY

This Valentine's Day, we're sharing a little surprise with our wonderful Clients—Wildflower Seed Hearts and a sweet Valentine's card! Instead of sending flowers, why not grow your own? **7 #**

Just plant the heart, nurture it with love, and watch beautiful flowers bloom—just like the care and kindness we share every day.

A little reminder that love, like flowers, flourishes when we nurture it. 🖑 🛠

COMMUNITY INVOLVEMENT

Walk All Over Cancer with Caroline!

This March, Caroline, our incredible Registered Manager, is taking on Walk All Over Cancer—a challenge by Cancer Research UK to walk 10,000 steps every day to raise funds for life-saving cancer research.

Nearly 1 in 2 of us will be affected by cancer in our lifetime, but together, we can make a difference. Let's cheer on Caroline and remind her to get up from her desk and keep moving!

It was a fantastic opportunity to connect with pupils, parents,
