A word from Tim Haigh *Managing Director/Owner*

When we are given the privilege of supporting any client to live independently at home, we always try to envisage them happy and healthy into advanced old age. So it was with an immense joy and pride that we were able to attend George's 105th birthday party with a few of his friends and family last month.

He is an incredible person and his 105 years are testament to his positivity and desire to be around people, not to mention a daily glass of beer.

Talking of being social, it was good to see our wonderful carers enjoying themselves at our monthly get-together at the California pub in Sutton.

They work so hard and with such commitment that I would like to say thank you to them all for being such brilliant ambassadors for Right at Home. Have a great Easter.

● Happy 105th birthday George!

Last month we celebrated an extraordinary milestone for one of Right at Home's most cherished clients, George, who turned an amazing 105 years old

George's active and independent lifestyle continues to inspire us all. As a keen reader who loves staying informed on current affairs, he proves that age is just a number.

To mark this special occasion, George celebrated in style at the Epsom Club, surrounded by his loving family, friends, and dedicated Right at Home carers and office staff.

The gathering was a heartwarming event filled with joy, laughter, and wonderful memories shared by all. Adding to the significance of this momentous day, George received birthday wishes from not just one monarch but two!

This incredible recognition is a testament to his remarkable journey and the legacy he continues to build.
