

A Celebration of Care, Community and Christmas Cheer

Right at Home Central Wiltshire Christmas Party, held on 11 December at our office, was a truly heart-warming celebration shared with our Clients, families and dedicated care team. The office was transformed into a cosy, festive space filled with smiles, music and Christmas cheer, creating a welcoming atmosphere for everyone who joined us.

It was wonderful to see many familiar faces and to welcome new Clients and families for the first time. The afternoon reflected what we value most – connection, belonging and person-centred care at the heart of our community.

A highlight of the day was the **Christmas decoration craft** activity, where Clients enjoyed creating their own festive ornaments. This hands-on session encouraged creativity, confidence and social interaction, supporting emotional wellbeing and leaving everyone with something special to take home. For those unable to attend, craft kits were prepared so no one missed out on the festive fun.

The celebration also included light-hearted games, seasonal treats and plenty of time to chat and laugh together. Our popular **Christmas Bingo** brought excitement and friendly competition, filling the room with laughter. We were deeply touched by the thoughtful Christmas cards, chocolates and gifts from our wonderful Clients and Care Assistants. These kind gestures meant so much to our team. **Thank you to everyone who joined us and helped make the afternoon so memorable.**

COMMUNITY INVOLVEMENT

Spreading Festive Warmth with Age UK Wiltshire

As part of our Community Christmas Initiative, we were delighted to share festive gift bundles with older adults across Central Wiltshire, in partnership with Age UK Wiltshire. These were handed out at their Daytime Disco in Chippenham and during Wellbeing Checks with Meals routes, bringing many lovely surprises and smiles. It's a small way of offering extra warmth, comfort and connection, reminding people they are cared for and valued by their community.

Moving into 2026: Monthly Exercise Challenges for Wellbeing
