

A Wonderful Day at Our Big Green Picnic

On 30th July, we had such a lovely time at our Big Green Picnic, bringing Clients, Carers, Families & members of our local community together for an afternoon of friendship, fun and connection. Held at The Arc, the event was part of **Dementia Adventure's Big Green Picnic**, a nationwide initiative celebrating the positive impact that being outdoors and connecting with others can have on wellbeing.   

Our aim was simple: to create a relaxed & welcoming space where people living with dementia and their loved ones could come together, enjoy themselves and make some happy memories. There was plenty to enjoy, from our **Create Your Own Bouquet** flower bar and sensory activities to storytelling, sharing games and bingo. We also had refreshments and a children's play area, making it a lovely event for different generations to enjoy together.

What made the afternoon particularly special was seeing people chatting, laughing and enjoying each other's company. For us, this is what community is all about, helping people feel connected, valued and included.

A huge thank you to everyone who joined us, helped make the event possible and supported our fundraising for **Dementia Adventure**.

We're already looking forward to creating more opportunities for our Clients and local community to come together!
